

The most beautiful colours of the year range from yellow to red, passing through an almost infinite palette of orange shades. They are displayed by the woodland leaves, the result of a marvellous, spontaneous natural phenomenon when the foliage of some tree species creates a natural spectacle, just before the coming of winter. Jewels in yellow gold, citrine quartz, carnelian, tsavorite, yellow diamonds and more, to wear the colours of autumn

Foliage color inspiration

Beatrice Galbiati

1. Corona is a diamond necklace with emeralds, sapphires and fire opals. **Giampiero Bodino**
2. From the Bartorelli Rare and Unique line, the bracelet and necklace in fancy yellow diamonds mounted on yellow gold. **Bartorelli Gioiellerie**
3. Yellow gold, diamonds and citrine quartz for these earrings from the Margherita collection. **Damiani**
